

The most important about the NSU students' email service

[Sign in to the NSU students' email \(link\)](#)

Every student of every course of every NSU department has their own email address on the NSU's domain, which looks like: i.ivanov@g.nsu.ru.

At the moment of your matriculation an email was automatically created for you too, at the same time this email is an account at «**the system of cooperative work of teachers and students**».

This system includes itself **an email service**, a contact list of teachers and students, a calendar, a chat, **and more** (in particular, you will have **unlimited free disk space on Google Drive**).

Why you need this email account is written [here](#).

How can I sign in?

1. Make sure, that you received a message with your university's login and password in your personal mailbox that you specified during the matriculation. If you didn't specify, then you have to go to **4221 room** of the new campus of NSU, where you get your university account (you need an identification document there).
2. Follow the link <https://apps.google.com/user/hub>
3. Enter the credentials that you got and click «next».

Start to use «the system of cooperative work of teachers and students» now!

- Write and send messages from mail.g.nsu.ru
- Create documents (an online analog of Microsoft Excel) with sheets.google.com
- Store files on drive.google.com
- Make videocalls and talk in a chat with hangouts.google.com

Answers to some questions about the system are on the following links:
